

## EDITORIAL

Welcome to the 11th issue of 'YOUR PRACTICE' newsletter.

First of all, congratulations to Kalpana on her new born baby son and to Dorina for her hard work at WRDP whilst graduating as a Dental Therapist.

Dr Iker Lezcano wishes to thank all his patients who participated in his Master Degree. He has now graduated at the University of Warwick with merit in Restorative and Cosmetic Dentistry. Well done!

Regards,

WRDP TEAM

## WHO IS WHO?

Western Road has been established as a dental practice since 1946 in central Romford. The practice is open for business Monday to Saturday, offering late night appointments from Monday to Thursday.

All emergency patients, registered or not, are seen on the day too. A number of excellent professionals have worked here during these 72 years. Let's check who is who!

**Dr Iker Lezcano** and **Dr Vivek Anand** are the practice principals. They have run a successful team of clinicians for 8 years now. **Mrs Stacey White** became a full time manager in 2016.

Alongside them, **Dr Iain Johnstone** and **Dr Viraj Mehta** offer routine and specialised dental treatment ranging from fillings, dentures and crowns to sedation, veneers, invisible braces and implants.

Once a month they are joined by **Dr Prakash Promod**, who treats the most complex surgical cases.

Finally, **Jennie** and **Vilma** offer their hygienist services every day of the week including Saturdays.

TEAM

Our front of house is manned by full time receptionists **Katy** and **Samantha**. They ensure appointments and treatments are coordinated for the best patient experience.

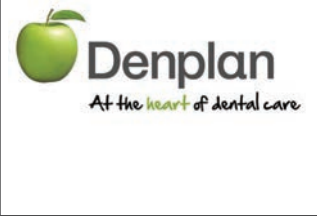

Our team of nurses is formed by **Kalpana, Emily, Mez, Daniella** and **Zaneta**. They help put patients at ease and are specialised on a range of treatments such as radiology, sedation and dental implants.

Our apprentice nurse is named **Olivia** and after less than a year with us she is invaluable to the rest of the team.

AT THE PRACTICE

WHO works WHEN?

<b>MONDAY</b>	<b>TUESDAY</b>	<b>WEDNESDAY</b>
